Edit your Template

1 Adjust Colors

To change the color of an element or background, simply click on the box or area you want to change, then click the colored button on the top bar. You will be able to select any color there or enter your own code to match your brand colors.

2 Adjust Font or Add Text

Click on text boxes to change the font type, color or add and remove text. Remove text by clicking on the box and selecting delete. Add new text by clicking on the Text button on the left panel and clicking "Add a heading, Add and subheading or Add a little bit of body text."

3 Add Photo

Upload your photo by going to the Uploads button on the left side. Click the "Upload an image or video" button. Find your photo on your computer. Drag and drop your photo onto the template, then resize and reposition as necessary.

4 Save File

Print Files:

Download your file by clicking download on the top bar. Make sure PDF Print is selected and click download. Save the file and print as desired.

Online/Social Media Files:

Download your file by clicking download on the top bar. Make sure PNG is selected and click download. Save the file and post as desired.

Thank you

for purchasing a Minted Maven design. I hope you enjoy!
