

STRESS-FREE SELLING

GET TOP DOLLAR WITH PRE LIST PLUS

Our goal is to make the process of selling your home as pain free as possible. After completing a general assessment of your home, our agents can recommend areas of your home that could be improved to raise the value of your home so you get the largest return on investment possible at the closing table. We can complete a variety of jobs for you, so you don't have to have multiple contractors in your home for quotes and jobs. After the repairs are complete, you can list your home and pay when you close on the home, or 60 days after we send the final invoice, whichever comes first.

Follow three simple steps to get your home sold at it's highest possible value.

MEET

Meet with your ONE point of contact for all repairs.

REPAIR

Repairs and renovations are completed on your home.

SELL

Pay for the renovations AFTER you close on the sale of your home.*

Call us at (317) 271-2779 or fill out our estimate form at: www.prelistplus.com/
